10 Student feedback mechanism on Institutional Governance/faculty performance

Periodical feedback is obtained from the students to enhance the teaching learning process

The feedback collection process involves following steps:

- The students are given a questionnaire of 10 questions concerning the faculty who are dealing with theory papers.
- The questionnaire is designed to enable them to give their opinion as Extra ordinary (5) Excellent(4), Very Good(3), Satisfactory(2) or Poor(1).
- The students enter marks as their opinion .
- The students are also allowed to write some comments if they want to make about the teacher or Department .
- The feedback collected from the students are first analyzed at HOD level and then at the level of faculty appraisal committee, headed by the Chairman of the institute and Principal.
- The average marks are calculated .
- The average marks below 35 are supposed to be poor performance.
- Also the comments passed or poor marks for certain question in the questionnaire is observed.
- The contents of the feedback are shared with each faculty member individually.
- The feedback system works as an eye opener for the faculty.
- Feedback activity is usually carried after 1st unit test in each semester .
- Above 50 % students from the class participate in feedback process.

Principal appoints Grievance redressal committee. Senior faculty are members of the committee. One of them is ladies staff.

The function of this committee:

- Display information of committee and names of the committee members along with contact numbers at prominent places in the institute.
- To call meeting of the members.
- Circulate notice of the meeting among students and staff.
- Discuss and take remedial action on the applications received in the meeting
